If noisy, is the noise coming from Motor or Wet End?

Please include a copy of the receipt of purchase. All pumps that are returned must be intact and fully assembled. Any pumps that are not assembled can incur charges and may delay the process of getting it fixed.

Please tape a copy of this form to the pump, when returning the pump.

W. Lim Corporation is not liable for any damages incurred to the pump during shipping to W. Lim Corp. Any damages to the pump will be notified immediately to you by a W. Lim Corp. employee and the noted damages must be notified to the appropriate shipper by the receiver.

Please note: When shipping a pump back please use adequate packing materials.

Original packing from pump may not be enough to use again, additional materials may be needed. Avoid using "peanuts" (becuase they move around).
